## Revival Life Church COVID-19 Safety Precautions

At Revival Life Church it is our goal and priority to maintain a safe environment for those who attend our services. For this reason we have implemented the following policies and practices based on the guidelines of the Centers for Disease Control and Prevention:

### Check-In for Signs and Symptoms

- Before entrance, each person is asked the following questions and their temperature is taken with a no-touch thermometer. If the answer to any of these questions is yes, they will not be admitted.
  - Have you had any of the following symptoms: fever or chills, sore throat, cough, new shortness of breath, fatigue, muscle or body aches, new loss of taste or smell, congestion or runny nose, nausea or vomiting, or diarrhea?
  - Have you been diagnosed with COVID-19?
  - Have you, or someone in your household, had close contact with a suspected or known COVID-19 patient (spent longer than 15 minutes within 6 feet of someone who was sick with a fever and cough) in the last 14 days?
  - Have you traveled outside of the country or by cruise ship within the last 14 days?
  - Is your temperature 100.4 degrees F or higher?

### Masks

- Masks are required to be worn at all times while inside the church.
- Disposable masks are available for anyone who does not have a mask upon arrival.

### Cleaning and Disinfection

- In addition to regular cleaning of the church, frequently touched surfaces, including but not limited to door knobs and seats, are sanitized before each service.
- Communion elements have been changed to individual serving sets to avoid multiple people touching the same items.

## Social Distancing

- Two services allow for decreased numbers of people in the worship center at one time.
- Rows of seats are spaced wide to allow for social distance.
- There is one door to enter and another to exit to avoid a bottleneck of people in one area.

## Hygiene Practices

- Staff and congregants are encouraged to maintain good hygiene by washing hands with soap and water for at least 20 seconds.
- Hand sanitizer is available at various locations throughout the church.

## Revival Kids

In addition to the measures listed above, our children's ministry has implemented the following procedures:

- Temperature check prior to entering. Anyone with a temperature of 100.4 degrees F or higher will not be admitted.
- Main surfaces, including but not limited to toys, toilet seats, sink handles, and changing pads, are wiped down during and after each service.
- Children are seated spaced apart during lessons.
- A "safety patrol" adult is scheduled for each service to ensure children are staying safe by wearing their masks and remaining socially distanced.

For any questions regarding our policies and practices, please contact the church offices at 561-450-8555.
